Pastoral Ministry

From Multi-Cultural To Inter-Cultural

The multicultural community is a reality in the US Church; many groups of various cultural and ethnic backgrounds live, work, and pray side by side. As they share a common worship space, acknowledge each other's presence and rights, they are still challenged to enter into a deeper relationship among themselves.

*Facing this reality, the Catholic Church, is called to develop life giving pastoral ministries, which will transform parish's multicultural reality into an **intercultural** community of faith.*

Is that possible? How?

What are the hopes, challenges, and new models for pastoral ministry in the US Church today?

Join us as we celebrate the richness of our cultural heritages and explore new ways of living together in community!
